

Hydraulic Saddle Rack

Can be mounted in new or existing tack rooms!

A Choice of Three or Four Seats

Side Tack Room

Rear Tack Room

- ◆ No more reaching up and struggling to place saddles on top racks.
- ◆ Entire rack folds down out of trailer tack room.
- ◆ Loading position is at table height and horizontal for easy loading and unloading.
- ◆ Saddle rack seat is designed to fit most saddles.
- ◆ Left or Right Handed.
- ◆ Material is strong, soft and machine washable.
- ◆ If HWH® equipment (jacks or slide rooms) are on trailer, rack can be powered off of existing hydraulic power unit.
- ◆ If mounting saddle rack into trailer without HWH® equipment, a 12V DC hydraulic power unit is easily added.

Contact HWH® to verify dimensions and clearance before ordering.
